Copper Weather Vanes

AND FINIALS,

MANUFACTURED BY

J. W. FISKE,

21 & 23 BARCLAY STREET, AND 26 & 28 PARK PLACE,

(Corner Church Street,)

NEW YORK.

The OLDEST AND MOST EXTENSIVE MANUFACTURER of Vanes in the United States, *no other person having been engaged in manufacturing this class of goods but a few years.* In consequence of my long experience in this line of business I am prepared to offer dealers and consumers a decided advantage, both in price and quality. My Vanes are all made of *Copper*, and not a combination of Zinc and Copper, like other Vanes in the market. Having added, since my last Catalogue, a large number of new and ORIGINAL DESIGNS, my stock now comprises over three hundred different patterns, making the largest assortment in the country, for which I have received MEDALS and DIPLOMAS, *over all other exhibitors, from all the principal Fairs and Institutions.* The Vanes are made of COPPER, GILDED WITH THE FINEST GOLD LEAF; will not corrode, and will keep bright for ages. Every Vane is a perfect indicator of the wind, and WARRANTED IN EVERY RESPECT SUPERIOR TO ANY THING IN THE MARKET. The letters and balls are well gilded, and will not rust. The spires are wrought-iron, with hardened steel spindles for the Vanes to turn upon. I would call especial attention to my EAGLES, which are full-bodied, and wings double thickness, a perfect fac-simile of the American Eagle, taken from life.

The price of each Vane includes a wrought-iron Spire, with Points of Compass, Gilt Letters, and Balls.

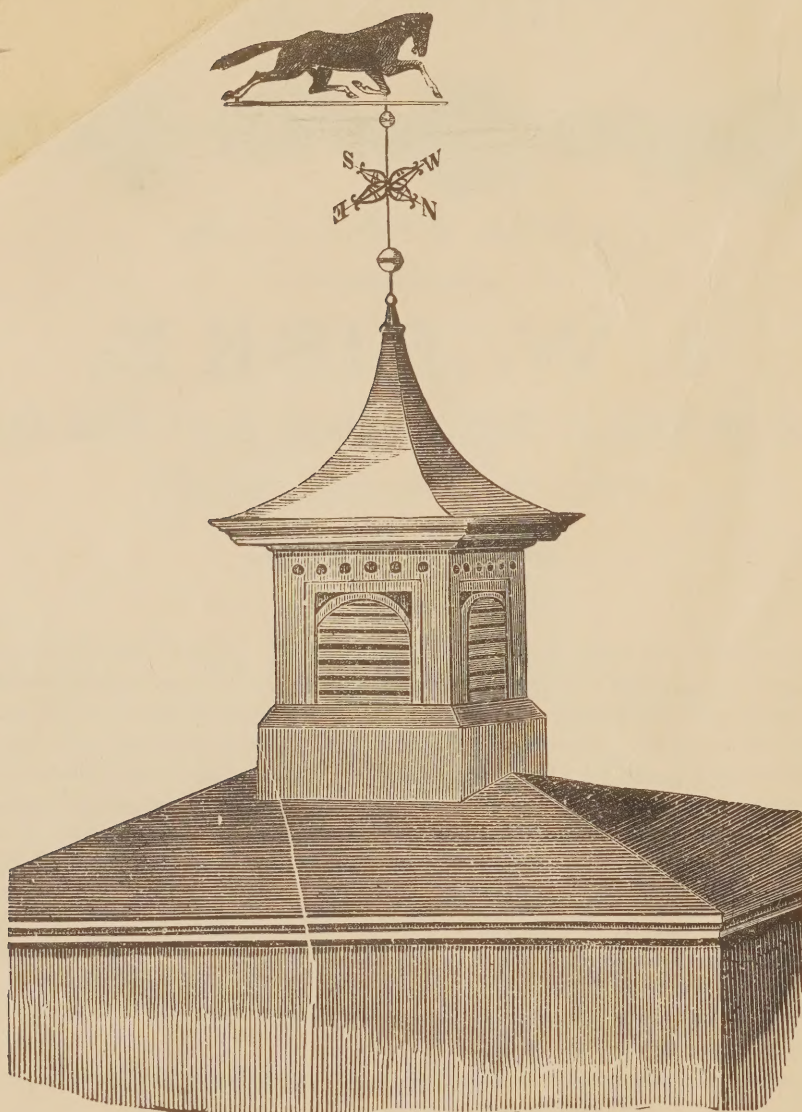

Ornamental Copper Finials and English Banneret Vanes made to order.

 TO PREVENT MY CUSTOMERS AND THE PUBLIC FROM BEING DECEIVED WITH INFERIOR ARTICLES NOW IN THE MARKET, WHICH ARE COPIED FROM MY DESIGNS, PLEASE ORDER FROM MY CATALOGUE.

Vanes of any design made to order on short notice and at reasonable rates.

21 & 23 BARCLAY STREET, and 26 & 28 PARK PLACE, Corner CHURCH STREET, NEW YORK.
